Automatic Locking Retractors (ALR) by LifeGuard Technologies®, a division of IMMI, spool webbing so the seat belt stays clean and is easily accessible by the operator. Designed for the off-highway equipment operator, LifeGuard retractors are field tested to provide optimal comfort and durability.

- Automatic locking mechanisms quickly adjust to operator size
- Optional Anti-Cinch Retractors (MACR) maximize operator comfort
- Accommodates date-of-installation labels to support OEM maintenance guidelines and replacement policies
- Available in a variety of boot and frame configurations
- Housing offered in various lengths for 2" and 3" webbing
